Mr. John J. Tuohey  
Vice President-Manufacturing  
U.S. NEWS & WORLD REPORT  
State News Building  
2300 N Street, N.W.  
Washington, D.C. 20037

Dear Mr. Tuohey,

Once again I want to thank you and your fine staff for taking time from busy schedules to brief me on the preparation and production of U.S. NEWS & WORLD REPORT. The joyful professionalism and pride your staff applied to its duties were obvious and clearly contribute to the high quality of your magazine. You have an organization of which you can be very proud.

Personally, the visit was very informative. It has served to broaden my perspective of the art of publishing and just as important has provided insights that will enable me to improve publishing procedures in my organization.

Enclosed are several unclassified CIA reports, all electronically typeset, that your staff may want to review. I hope you will find these publications informative and useful. I would appreciate any comments regarding their style or format.

Sincerely yours,

STAT
